According to the experiences of the last years the places are taken quickly. Please register as early as possible, especially if the renewal is required.

For dojang leaders: The validity of the dojang leader license requires a valid Kyosanim license!

Attention:

For the renewal of the license a report according to the valid guideline is necessary. Shinson Hapkido is constantly being developed. Thereby your experiences are very important. These reports are a rich source of experience for ISHA and Sonsanim. Therefore, we thank you for your effort and willingness to be involved as Kyosanim.

Corona:

We will probably have to make adjustments regarding hygiene and participants, but we will inform you as soon as we know.
