

Greetings from Zambia

Dear Brothers & Sisters of Shinson Hapkido,

It has been long time to greet you.

Sorry for that!!!

We are fine here .

Hope everybody is all right too!

Just before I could read the e-mail from Mr. Ko. He has mentioned about the contribution for Zambia ministry. Thank you so much!

You never forget us and keep on supporting us.

With your prayer Kazemba clinic, preschool and Chisomo hospital are running well. Specially Chisomo hospital –please don't think it big... it's very small hospital- is developing little by little. Our gracious God has always been leading it to His way.

It is still young and needed a lot of things but we know God is providing one by one in His time.

It's difficult to send some photos so that I will ask our mission Branch in New York to send our photos for us.

We have some prayer request. Please remember us in your prayer.

1. We are expecting a 40 feet container which are contained a lot of medical goods from Seattle in USA. Hope it will be arrived here without any problem.
2. The Mayor of a small city of Washington State in USA, has decided to donate a second hand ambulance for us. So New York Stump Mission branch is trying to prepare for the transport cost.
3. We are praying constantly for X-Ray facility.

Dear fellow workers in our Lord,

Wish you always be well and happy!

Thank you again for sharing your love with us!

God bless you!!!

Yours James & Janet Huh, Stump mission, January 2012
